PRESS RELEASE

Santa Rosa, CA

ASSISTANCE DOG INSTITUTE RECEIVES ACCREDITATION

The Assistance Dog Institute recently was approved for accreditation by the Assistance Dog International organization. This achievement was recognized at the Assistance Dog International's 17th annual conference in Phoenix on January 13. The Institute was the only agency to achieve this prestigious accomplishment this year. Accreditation means that the facilities and operation of the assistance dog program are in compliance with the operational standards of excellence established for organizations that train and place assistance dogs.
