## SHARE THE PUPPY LOVE!

The Assistance Dog Institute is looking for volunteers who would like to share their life with a service dog puppy in training. Homes are needed for Golden and Labrador Retriever puppies for a period of six months to one year. The pups will need to be driven to and from school at the Assistance Dog Institute each day for their training class. The rest of the time they will want to give you their unconditional love, have play time, and get exposure to social situations like shopping, parks and rides in the car. Special training will be provided to the volunteers by the Institute.

This is a wonderful opportunity to enjoy a puppy while at the same time benefiting a person with a disability who will receive the dog when it graduates. For more information about participating in "Helping Dogs Help People", call Molly Morelli at 707/545-DOGS (3647).
